

Office of Legislative Counsel

Memorandum for the Director's Log

Submitted: 19 February 1952

- - - - -

Senator Ferguson has forwarded to Legislative Counsel a letter from a constituent who has previously communicated with the Senator (See Director's Log for 19 January 1952). The allegations concern remarks of a [redacted] "an agent for the United States Army Intelligence." Senator Ferguson states in his letter that ". . . it appears that your fellows go out on the streets and highways and say they are working for the CIA. Is your organization becoming so large it cannot be supervised?" Legislative Counsel is coordinating the necessary information preparatory to replying to Senator Ferguson.
